(28) I have scrutinized the draft renewal agreement. I have re-drafted the same as the ground to be covered appears to me to require a more comprehensive recital of the previous agreements. In the agreement as drafted care has been taken to provide against any difficulties arising in connection with expiration by efflux of time of both the previous agreements. A clause of the kind inserted in the draft (vide, recital 4), is, in my opinion legally necessary. It has been so worded as to obviate all possible misapprehension.

1. Is it not necessary to make the recital relating to previous documents Complete or annex them to the new document to make the latter a Complete one for enforcement of all Conditions still Operative?
2. Clause 13 of the principal agreement was deleted in clause 2 of Supplementary Agreement and is not a Similar provision necessary in the present documents?

9

3) The Supplementary agreement gave power to the Secy of State to terminate the arrangement by giving notice to us. Why this Non-reciprocal provision was found necessary is not clear. There is no allusion to this point in the Notes above.

2. Point 1.- In clause 1 of the Draft Agreement, a reference has been made to both the principal and the supplementary agreements which are to be renewed and the conditions thereof will be operative. For the words "shall remain" occurring in line 2, the words "shall continue to be in operation" may be inserted so as to make the meaning clear.

Point 2.- These agreements are to be terminated soon after the water supply is given from the new scheme, which is expected to be before 1933 and therefore there does not seem to be any necessity for a provision regarding further renewal of Agreements.

Point 3.- There was a proposal before to instal separate filters for the Civil and Military Station at the Turbanahalli Pumping Station and perhaps this proviso was intended on that account. There is no necessity for it now.

In the Draft Agreement for the word "Thippagondanahalli" occurring in line 7 the

Submitted to His Highness.

The Agreement entered into between the Secretary of State for India in Council and His Highness the Maharaja for the installation and operation of the Combined Jewell Filters for the improvement of the Water Supply of the City and the Civil and Military Station, Bangalore, terminated on the 10th November 1929. At the instance of the Head Quarters, Madras District, the Residency suggested in July 1930 the renewal of the Agreement on the same lines as heretofore up to 10th November 1933, subject to the proviso that the agreement would be terminated on the date on which filtered water from Tippagondanahalli was received at the High Ground Reservoir if this occurred before 10th November 1933.

This proposal was accepted and the matter was also reported to His Highness.

Page 4 of Office Note

The Residency have now asked that a draft Agreement may be sent for submission to the Government of India.

A draft Agreement has been accordingly prepared by the Public Works Department and has been scrutinised and revised by the Government Advocate and it is proposed to transmit the same to the Residency.

I solicit His Highness's gracious approval to the action proposed.
